EXPERIENCE

Freelance Web Developer

December 2018 - PRESENT

- Built the first ruby gem for paynow one of Zimbabwe's leading online payment systems. The Gem made it possible for ruby developers to integrate a payment system on their web app which can work with local banks and there is a documentation along with the sdk on how to implement it on my GitHub page.
- Developed and designed a rails web app for Sellai marketplace, a Zimbabwean startup, I built the frontend and backend with an api that is linked with a WhatsApp bot to query products and to also post on the website using the WhatsApp bot.
